ABOUT US

Gover Horticulture LLC located in Dubai, UAE is a leading trade name for Horticultural products for the past many years. Promoted by entrepreneurs, who have vast experience in this field, we offer the entire range of products and services for traders and contractors in horticulture.

We distribute Planters, plant pots and other accessories to professionals and traders involved in Interior and exterior Landscaping. Our warehouses in Al Qous and Al Qesais store a wide range of horticultural products ready for delivery to clients in the GCC countries on a daily basis.

Stainless Steel and Aluminium planters are designed and manufactured by us in our factory in the Indian state of Tamil Nadu. Whereas FRP ( Fibre reinforced Plastic) and Fibre stone planters are produced by our specialized partners in China, Vietnam and Philippines. In many cases they are manufactured exclusively for us and we own designs and formulations. This allows us to control our position in the GCC as a credible and reliable supplier in this range of products.

Some of the important brands we represent are LECHUZA, CLADO, Plants First Choice, Plastecnic along with our own GOVER range of Planters. We also represent Claire garden tools and CLADO Garden Hoses.

We also offer a wide range of Gardening and Horticultural products which include Garden Tools, Garden Hoses, Fertilisers, Decorative stone pebbles etc.

We deliver our products from our warehouses in UAE to all parts of the GCC countries using reliable transporting companies who can handle products according to our standards.

We supply to wholesalers as well as retailers in horticulture business. Consumers are also welcome to contact us as we can refer you to the nearest dealer of GOVER HORTICULTURE LLC. You may contact us by phone, fax or E mail
